About InstaPlast India

InstaPlast India is a leading manufacturer of injection moulded products, specializing in caps and closures for a wide range of industrial applications. Based in Himatnagar, Gujarat, India, we are committed to delivering high-quality, precision-engineered plastic components that meet the evolving needs of our clients.

Our Core Expertise

At InstaPlast India, our primary focus is on the design and manufacturing of caps and closures that are functional, reliable, and tailored to your product's packaging needs. We serve various industries, including:

Liquid Detergent

Cosmetic and Personal Care

Food & Beverage

Pesticides & Agrochemicals

Other Industries

Household & Industrial Chemicals

What We Offer

Wide range of standard & custom-designed caps and closures

Leak-proof, tamper-evident, and user-friendly designs

Durable, lightweight, and cost-effective solutions

Custom colour and branding options

Consistent quality and on-time delivery

Why Choose InstaPlast India

Experienced design and engineering team

Scalable production capacity

Advanced injection moulding machinery

Strict quality control and testing

Customer-first approach

We take pride in being a trusted supplier to some of the most respected names in the industry. Whether you need large-scale production or niche packaging solutions, InstaPlast India is your dependable partner in plastic packaging.
